### RULES TO BE READ BEFORE PLAY BEGINS

1. After all players in the group have hit their first ball from the starting pad, the one whose ball is closest to the hole will putt first, then continue to putt until their ball is in the cup.
2. The highest score for any hole is 6. If a player takes more than 6 strokes, mark it as a 6 on your card and continue to the next hole.
3. When a ball rolls out of bounds, pick it up and set it back on the course where it went out.
4. If your ball is hit by another ball, you have the choice of replacing your ball in its original position or leaving it where it is.
5. Please do not swing clubs or whack the balls hard. Remember, golf is a gentleman's game.
